**HEALTHCARE SOLUTIONS ANNOUNCES EXPANDED
WORKERS' COMPENSATION SERVICES WITH ALPHA REVIEW**

Atlanta, October 25, 2010 – Healthcare Solutions today announced that Alpha Review will access its nationwide durable medical equipment (DME) and supplies network to deliver timely and cost effective medical products to injured workers. Alpha Review currently utilizes Healthcare Solutions' PPO network in 5 states.

“We are pleased to have the additional opportunity to provide specialty healthcare services to Alpha Review and we appreciate their utilization of our PPO network,” said David A. George, CEO of Healthcare Solutions. “We look forward to expanding our network services which are capable of returning the highest levels of penetration and savings.”

Healthcare Solutions' comprehensive DME program includes both prospective and retrospective management of bills and has demonstrated the ability to produce additional savings after claims have gone through the traditional bill review process. Through implementation of this Healthcare Solutions program, Alpha Review will return additional value to its customers.

“We chose to partner with Healthcare Solutions because the company's network management strategy produces maximum savings, ensures quality data and provides continuous process improvement,” said Michael E. Drevalas, President of Alpha Review. “We believe that Healthcare Solutions' services consistently provide the best value to our customers and enable us to further assist our customers in containing rising medical costs.”
